Stream Assessment Framework

Congratulations on completing the Stream Assessment Framework! Your comprehensive stream discovery report is now ready to give you your best-fit stream matches.

Our award-winning career guidance framework and assessment tool have been developed by a team of some of the top psychometricians, industry experts and researchers in the world. It is the most accurate and valid career assessment, with a blend of advanced technology and millions of research data points collected from students from multiple demographics and cultures.

Our 4-dimensional framework, the first of its kind, has been tailor-made for students. These 4 dimensions together form the pillars of career guidance, and will help you make a scientific and accurate choice for career success.

Let's look at your results for each of these elements
& help you discover your perfect stream.

Your Orientation Style

What is **Orientation Style**?

Orientation style identifies what an individual is driven by. Understanding the orientation style will help you with career decision based on your dominant style of interaction with the surroundings.

Your Dominant Style

People Orientation

The scores obtained on this style inventory indicate that you are people-oriented. This means that you like to interact with people and have an understanding of their problems and needs. You are drawn more to seek close relationships with others. Your style indicates that you will be good in tasks in which you have to lead, direct and persuade others. You cooperate well with others and can express yourself clearly. You make friends easily and are observed as trustworthy, social and helpful at the workplace.

Your Secondary Style

Informative Orientation

The scores obtained on this style inventory indicate that you are information-oriented and like to operate with information, machines, instruments, books & gadgets. Your style indicates that you are assertive and believe in doing things rather than talking about them. You have an inquisitive, scientific and mechanical bent of mind. You may like to read, gather knowledge, solve problems and perform research & experiments. You may be observed as intellectual, precise and scientific in the workplace.

Your Orientation Style

Your Interest

What is Interest?

Understanding your Interest will help you identify what work areas excite you and helps you identify career options which are personally rewarding. Interest assessment explores your interest across multiple career options to find the right match which shall keep you engaged.

Your Dominant Interest Areas

Your Personality

What is **Personality**?

Understanding your Personality will help you identify your consistent behavior patterns. Every individual is different due to their unique blend of attributes. Personality assessment identifies what career options suit your style and match your personal attributes.

Your Dominant Personality Traits

Your Personality in Detail

Enthusiasm

1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---

Meaning

Synonymous with vitality, spiritedness & vigor, enthusiasm is having abundant or intense energy and curiosity to gather knowledge

Expert Analysis

You tend to accept things as they are, without trying to question them. You avoid new experiences and do not have much inquisitiveness to learn about new things. Your stress levels increase whenever you have to face some new situation. You prefer to have a set routine without any need to make adjustments; as you find it difficult to adapt yourself to new surroundings

Development Plan

You can increase your enthusiasm by using following strategies:

- **Develop a sense of humor:** People with high enthusiasm, have a contagious sense of humor. Sulking about your life will further lower your spirits. Start looking at your problems as opportunities for new learning and experiences. When engaged in heated arguments, try to use humor to lighten the situation.
- **Start questioning:** You need to question the various happenings around you. This will help you to make efforts to seek answers to those questions. Do not hesitate to question and remember that nobody knows everything.
- **Healthy Lifestyle:** If you are exhausted, with too much work, it is impossible to radiate enthusiasm. Take frequent breaks between your work schedule and have adequate sleep in the night. Take a balanced diet along with physical workout on regular basis

Intense Pursuit

1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---

Meaning

Synonymous with dedication, devotion & zeal; intense pursuit is having a clear intention, aim, interest, commitment and strong desire to pursue on a chosen path

Expert Analysis

Most of the time you are passionate about accomplishing the goals that you choose for yourself. You are usually focused and determined in reaching your goals and tend to pursue tasks until they are completed. This makes you work hard and put continued efforts even when the task or the goal is difficult to be accomplished. When faced with inevitable challenges, you are able to maintain your composure most of the times. With some effort, you're able to find amicable and resourceful solutions to these challenges

Development Plan

You can develop intense pursuit by following strategies:

- **Writing it down:** This is as simple as it sounds. Have well defined time bound goals. Also make a "To Do" list on daily basis, to make sure that things are getting done.
- **Prioritizing your work:** You have to make a clear distinction about what is important & what just seems to be important. Focus your energy on what is critical and needs to be done.
- **Take responsibility for your goals:** Rather than making excuses for incomplete tasks, take up responsibility and make efforts to complete them. It will be difficult for you to pursue your goals, unless you take responsibility

Your Personality in Detail

Extraversion

1 2 3 4 5 6 7 8 9

Meaning

Extraversion is the ability to talk easily to others, assert viewpoints and prefer working in groups, rather than working alone

Expert Analysis

You take immense pleasure in social gatherings; enjoy spending time with people and dislike loneliness. You are energetic & have the ability to approach strangers with ease and can initiate conversation on a wide range of topics. You prefer working in groups rather than working alone. You eagerly share your opinions among group members and find it easy to assert yourself

Development Plan

You have scored well in this trait

Agreeableness

1 2 3 4 5 6 7 8 9

Meaning

Agreeableness is the ability to sympathize with others, trust them and be warm, concerned and cooperative towards them

Expert Analysis

You are skeptical about intentions of others and have a hard time trusting them. You believe that people are untrustworthy and inconsiderate. You also have great difficulty in understanding others' viewpoints. You prefer competing with others rather than cooperating. You are not afraid of conflict, and you believe in dealing with difficult situations head on even when your actions may have negative impact on people around you

Development Plan

You can increase your agreeableness level by using following strategies:

- **Try to see things from perspective of others:** This will help you better understand the behavior of other people and also the reasons why they behave in certain ways. Also check on how you would have reacted in a similar situation.
- **Accept that all people are different:** Rather than competing with others and suspecting their intentions, it is better you understand that everyone is unique. This will help you to accept different viewpoints and also maintain social harmony.
- **Different people different voices:** Everyone has a point of view which needs to be respected. Listening to these voices will help you to sympathize with them

Your Personality in Detail

Team Work

Meaning

Team work implies including not only your views but also the views of others while working towards a common goal. It involves working collaboratively with people and maximizing the team output

Expert Analysis

You may find it difficult to work with others in a team. You face some difficulty in communicating your views with other members of your team. This interferes with your ability to work with a group of people, in order to achieve a goal. This also makes it difficult for you to establish and maintain new relations. You tend to ignore the views of others while making decisions most of the time

Development Plan

Your scores indicate that you need to put some effort to develop your ability to work collaboratively within a group of people in order to achieve a goal. You can do this by:

- **Be an active listener:** Developing listening skills will help you to understand others viewpoints, provide you with learning opportunities and will also minimize misunderstandings. Wherever warranted, you need to express your views to others.
- **Add humor:** Adding humor in your day-to-day dealings with others will help you to keep a sense of perspective and will also work as a great bonding tool.
- **Group activity:** You need to try and engage yourself in more group activities wherein coordination and cooperation with members of the team will help achieve the common objective

Perfectionism

Meaning

Perfectionism is the desire to strive for flawlessness and set high standards of excellence

Expert Analysis

Your score stands for a minimal desire to strive for high standards of excellence. This means that you are often careless about your task and don't feel responsible for your own work. You are generally casual about the things happening around you. All such things interfere in your performing the task in an efficient manner. You are more interested in completing the task rather than the quality of work and hence tend to use short-cuts while doing the task

Development Plan

You need to develop a sense of high standards of excellence. You can do this by:-

- **Detailing:** Break down a task into smaller steps and pay attention to minute details in every step. You can reward yourself for successfully completing every step with perfection.
- **Evaluate your performance:** Be honest while evaluating your performance and work on the areas wherein improvement seems necessary.
- **Set high standards:** You should make an attempt to set high standards of excellence for yourself. This will motivate you to work hard and ultimately perform better

Your Personality in Detail

Perseverance

Meaning

Perseverance is the determination of an individual to complete a task, irrespective of the obstacles

Expert Analysis

You show a high degree of determination towards achievement of a goal and strong endurance to overcome the challenges. Your dedication towards the goal persists irrespective of engaging with difficulties such as discouragement, failure, opposition, and rejections. You continue working towards the job despite the delays in success. You have good level of self-confidence and a natural urge towards hard labor

Development Plan

You have scored well in this trait

Practical

Meaning

Synonymous with pragmatic, real & hands-on; practical is being more concerned with practice than theory

Expert Analysis

You tend to overlook the realistic side of theory and rely more on bookish knowledge. You are unable to develop a relationship between what is real and what is theoretical. Your judgments tend to be affected by the theories you may have studied rather than experience. You are more inclined towards conventional ideas and resist making contemporary changes

Development Plan

You can improve your tendency of being more concerned with theory rather than with practice by following certain strategies such as –:

- **Try it out** - Hands on experience will help you in testing of assumptions and your own belief.
- **Visualize reality** - Try to visualize the practical aspects of theories in day to day situations.
- **Challenge the status quo** - Don't go by pre-set standards or assumptions. Try to challenge the existing way of doing things.
- **Functional Connect** - Develop a functional connect between theory and its practice so as to have a more realistic understanding.

Your Personality in Detail

Organizational Skills

1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---

Meaning

Organization skill is the ability and style of an individual to structure plan and meet their goals in a systematic manner

Expert Analysis

You often find it difficult to meet your goals. You don't, fully utilize your time, energy, and resources in the tasks that you undertake. You also have difficulty in being systematic and in planning your work. You tend to act in a manner that may not always be responsible due to which you are unable to set very high standards and thus, unlikely to meet the goals that you have planned for yourself

Development Plan

You can improve your organization skills by using the following strategies -:

- **Set specific & realistic goals.** This will help you in being more systematic and efficient, which will enable you to achieve set tasks.
- **Prioritize your work.** Learn to understand the difference between tasks that are highly important and need to be done immediately and the tasks that can be done later. This will help you do your work on time and not be stressed.
- **Set proper timelines.** When you start a task, set a realistic timeline for the completion of your task. This will make you more systematic and help you to be more structured in doing your task

Resilience

1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---

Meaning

Resilience is the ability to pursue chosen path despite stress, high- risk status, challenges and hardships

Expert Analysis

Your responses indicate that you don't exhibit competence under stressful conditions and hardly display courage, adaptability, and endurance. You tend to avoid challenges and see them more as a burden rather than excitement or an opportunity to grow. You are likely to falter when it comes to sticking to your tasks & defined schedule. You may also find it difficult to bounce back from setbacks or failures. You generally prefer to choose a safe path

Development Plan

You can improve your resilience by using the following strategies -:

- **Learn to be more flexible.** It is always better to embrace change and adapt as per the requirements. It helps in handling stress in a better manner and work more effectively.
- **Be optimistic & do not lose hope.** It is always better to be optimistic during hardships. A sense of optimism helps in dealing with difficult situations.
- **Learn to tackle your problems step by step.** Think of taking small steps while resolving problematic circumstances.
- **Develop a strong social network.** Being with people that are supportive and encouraging can be very helpful in facing hardships

Your Personality in Detail

Locus of Control

1 2 3 4 5 6 7 8 9

Meaning

Locus of Control is the individual's perception of the power they have over events that happen in their lives. People with this trait believe that they have control over their own destiny and are convinced about their own skills

Expert Analysis

You feel that all your abilities, skills and reinforcement are dependent on your luck and external factors. You feel better when you get directive from others, as your decision-making is may be low which makes you less of a leader and more of a follower. You are not very good in situations where initiative is to be taken and your dependency is high making you less independent in nature

Development Plan

You can improve your internal locus of control through following strategies -:

- **Be assertive:** You have to start speaking up your mind and take responsibility for your acts as blaming others would not work in life.
- **Develop trust:** After understanding your strengths, you have to start trusting yourself. Believe in whatever you do or perform. Strong level of trust in oneself makes a person confident and composed.
- **Stop being judgmental:** Stop judging all your actions and go easy on yourself. Demanding too much sometimes leads to drainage of strength and hence failures.
- **Be relaxed and rejuvenate yourself:** Sometimes too much of stress to excel leads to panic and then everything you work on gets spoiled. Take timeouts to start regaining confidence in yourself.

Enterprising

1 2 3 4 5 6 7 8 9

Meaning

Enterprising is being assertive, confident, high on risk-taking capacity, and having the ability to persuade others

Expert Analysis

You are a people's person and like to work with others, influence and even persuade them. You are a risk taker and rely on your experience and intuition to work with things. You are highly energetic, sociable and adventurous in nature. Your confidence and assertiveness makes you stand out in difficult situations. Whenever given an opportunity, you try to learn and develop new skills

Development Plan

You have scored well in this trait

Your Personality in Detail

Decision Making Capacity

1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---

Meaning

Decision making capacity is the tendency to choose effectively from alternatives through reasoning and critical thinking

Expert Analysis

Your responses reveal that your decision making capacity is quite low. You find it difficult to take decisions in normal as well as in the conflicting situations. Even small problems may look like a great challenge at times. Your decision making capacity makes you unpredictable at times and you may not be able to take decisions in a confident manner

Development Plan

You can work on decision-making skills by using the following strategies:

- **Learn from others.** You can learn from people who are skilled or good at decision making. Learn techniques from these people, and then apply them using your own thinking.
- **You can start with very small normal situations and go from bottom to upward.** Take decisions first for ordinary situations and then move towards conflicting situations.
- **Learn from your mistakes:** Be attentive toward small mistakes and try not to repeat those mistakes in future. Also learn from the mistakes of others and apply them in your life.

Moral Conformity

1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---

Meaning

Moral conformity implies standing by your principles & code of conduct rather than matching attitudes, beliefs, and behaviors to group norms so as to fit into the group

Expert Analysis

Your attitude and behavior is tilted towards what others believe rather than sticking by your principles of morality. You don't mind ignoring your own values to fit into your peer group. Though you believe in the society, cultural norms, rules, and interests of the society but on various counts your acts are not in conformity with the societal norms and consensus

Development Plan

You can work on following strategies to work on improving moral conformity levels:

- **Be Assertive** – Make an attempt to put forward your point of view with conviction
- **Think of Long Term Impact** – Avoid short term gains or giving in to temptations
- **Right Associations** – Form Associations with people who have clear understanding of right and wrong
- **Learn to say 'No'** – Saying 'No' will not spoil your relationships with others, rather it will help you make meaningful & stronger relationships.

Your Personality in Detail

Integrity

1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---

Meaning

Synonymous with honesty, principled, sincerity, scruples; integrity means being honest and living by universal principles of right and wrong

Expert Analysis

You generally follow set rules with everyone and have an understanding of the right and wrong. You perceive that doing right is ethical and you give priority to that. You avoid doing wrong whenever you have conflicts between right and wrong. However, in certain situation, you may compromise on integrity to some extent by giving priority to your personal gains

Development Plan

Think of working on following strategies to improve on your integrity levels:

- **Right vs. Wrong Dilemma:** You should learn how to develop the difference between right and wrong and how you can deal with conflicting situations.
- **Place a rule book in your life:** Start afresh with new norms in your life. Begin with simple tasks and complete them on set timelines and gradually move to the bigger tasks. Give importance to set rules and strictly follow those rules. Be aware of your decisions and recognize your mistakes and try to not repeat them in future.
- **Accept ups & downs:** You should have courage to accept your failures along with appreciations for the achievements regardless of the person providing the feedback.

Your Aptitude

What is **Aptitude**?

Understanding your Aptitude will help you explore your innate strengths. Every individual has a unique area of expertise and their own forte. Aptitude assessment predicts what is your innate ability and potential and helps you find career options that are in sync with your aptitude.

Your Dominant Aptitude Strengths

Your Aptitude in Detail

Abstract

1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---

Meaning

Ability to work with new concepts, abstract ideas & recognizing patterns and similarities

Expert Analysis

Your scores reflect that you are moderately skilled at working with new concepts, abstract ideas and recognizing patterns and similarities between them. Your scores also indicate that you are able to recognize the similarities and differences between ideas, or concepts which are not necessarily related at an average level. You are able to work out new concepts and deal with abstract ideas in most cases

Development Plan

Abstract aptitude can be developed by adopting following strategies:

- **Abstract ideas and concepts:** Give yourself a regular exposure to abstract ideas and concepts. Repeatedly examining information presented in abstract forms in books and newspapers will help you to develop a capacity for handling abstract information and looking for patterns. Try and solve puzzles, games and other forms of analytical material to enhance abstract way of thinking.
- **Patterns and relationships:** Purposefully seek patterns and relationships in things around you for enhancing abstract aptitude and outlook. You should also practice creating diagrams which represent relationships, connections and sequences

Language Usage

1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---

Meaning

Ability to understand and use words along with the grammatical rules and structures to produce meaningful-novel sentences

Expert Analysis

You have a high capacity to understand and use words along with the grammatical rules and structures to produce meaningful and complex sentences. You have a high ability to detect errors in grammar, punctuation, and capitalization and are able to formulate diverse combinations of words and sentences

Development Plan

You have scored well in this trait

Your Aptitude in Detail

Verbal

1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---

Meaning

Ability to comprehend words and sentences and deduce meaningful relationship from them

Expert Analysis

You have an average ability to understand the relationship between words and have a limited ability to convey the required information. You possess an average level of verbal skills like spell words correctly, use correct grammar, understand word meanings, and interpret word relationships. You are often, though not always, able to correctly analyze and understand textual information

Development Plan

You can use the following strategies to improve your verbal skills:

- **Reading:** You can start reading and analyzing texts, articles and newspaper columns. Challenge yourself with more and more complex material and continue even though you seem to be making little progress because over time, it will show results.
- **Drawing conclusions and inferences:** Try to deduce relationships among various components of the reading material. Try to look for relationships and patterns, drawing conclusions and making inferences.
- **Memorizing word-meanings:** Consciously memorizing word-meanings regularly will also help in broadening your vocabulary base.

Info Tech

1	2	3	4	5	6	7	8	9
---	---	---	---	---	---	---	---	---

Meaning

Ability to grasp and use principles and concepts of technology and computer programs to solve problems

Expert Analysis

You have an average understanding of the principles and concepts of technology. Your responses indicate that you are aware about the basic computer programs and its applications. You are moderately comfortable when it comes to handling computer software. Your awareness about latest technologies and software is average. You have to put some effort in order to learn the working of new gadgets or software

Development Plan

You can develop info-tech aptitude by following the given interventions:

- **Joining a computer course/program:** One of the best ways to develop and enhance info-tech aptitude is by joining a basic computer course and later on doing an advanced-level program
- **Exposure to technology, computer programs and applications:** You can develop the info-tech aptitude by extending your exposure towards technology, various computer programs and applications. Try and get hands on experience of various applications with different features.

Your Aptitude in Detail

Logical Reasoning

Meaning

Ability to identify and isolate components of an argument to arrive at a complete inference and reach a conclusion

Expert Analysis

You are capable of effectively identifying various components of argument and isolating them to arrive at a complete inference and a consolidated conclusion. You are confident of figuring out relationships among unorganized or seemingly unrelated stimuli. You are good in information processing and have an eye for detail

Development Plan

You have scored well in this trait

Mechanical

Meaning

Ability to grasp and use mechanical concepts and principles to so solve problems

Expert Analysis

You have a natural understanding of forces and dynamics. You have good knowledge and understanding of mechanical and other physical principles. You are very perceptive of basic mechanical principles, simple machines, tools, electrical, and automotive facts. You are analytical and receptive as you can see a number of forces and factors operating within a problem at any given time

Development Plan

You have scored well in this trait

Your Aptitude in Detail

Numerical

Meaning

Ability to quickly grasp mathematical functions and to use them to analyze and solve mathematical problems

Expert Analysis

Your ability to deal with numbers is average. You are quite confident with your basic arithmetic abilities; however, with higher mathematical functions you may face some challenges. You are able to manipulate numbers with ease, however, with increased pressure you make mistakes and your ability to manipulate numbers diminishes

Development Plan

You can develop numerical ability by adopting following interventions:

- **Mental Imagery:** You have to try making mental imagery of the problems in terms of the numerical values of the elements involved in the problem. Constant effort will be helpful in enhancing numerical/ mathematical ability.
- **Practice and increase comfort with numbers:** You must progressively keep taking different tests on numerical ability to know your current level and further try to progress to a higher level.
- **Computer-simulated mathematical games:** You can try different computer applications, games and mobile apps that are known to enhance numerical ability
